

FARMYARD

Farmers grow plants and look after animals. They have lots of land that is surrounded by fences to stop the animals from escaping. Grow your farm by making different paddocks that will sit next to this one, and fill them with your favourite farmyard animals.

YOU WILL NEED:

- LARGE PIECE OF CARD • GREEN PAINT
- PAINTBRUSH • PAPER • SCISSORS
- STICKY TAPE • SMALL CARDBOARD BOX • RED AND WHITE PAINT • DARK COLOURED CARD • GLUE STICK

1. Paint a large sheet of cardboard green and leave to dry.

2. Fold a long strip of brown paper into six equal parts and draw a cross on the front, making sure it touches the sides.

3. Cut out the cross shape and open it up. Stick it around the edge of the green cardboard. Make enough to go round the whole edge.

4. Paint a small box red and white and leave to dry.

6. Stick the barn in the field.

5. Fold a piece of dark card in half and stick on to make the roof, and cut some slits in to make the door open.

WISE OWL POTS

Owls come out at night and they have large eyes to help them see. Unlike most birds, they do not make their own nests. Instead, they prefer to hide in holes in trees or even use old nests that other birds have made.

1. Draw a line around the middle of the plastic bottle with two triangles on top.

2. Cut this out carefully and cover the edges with sticky tape so they are not sharp.

3. Cover with a layer of white craft glue and stick on torn bits of paper. Leave to dry.

4. Cut out some paper shapes for the eyes, wings and beak.

5. Glue the shapes on to the bottle base and cover the whole thing with another layer of white craft glue.

YOU WILL NEED:

- LARGE PLASTIC BOTTLE • SCISSORS
- STICKY TAPE • WHITE CRAFT GLUE
- COLOURED PAPER • PEN
