

# Colouring-in Sheet

Colour in Tooth Fairy's castle, and don't forget Pérez's secret cheese!

# Create Your Own Castle

Create your own castle and let your imagination run wild! Would you have a slide instead of stairs? Would it be made entirely out of jelly beans or recycled goods? And what would your castle's purpose be? Would it house unicorns or endangered animals? Would it be for your friends and family to live? The sky is the limit!

# Create Your Special Day

Everyone knows Father Christmas gets Christmas Day, the Easter Bunny has Easter, of course. Valentine's Day belongs to Cupid (who likes people to call him Chad) and now the Tooth Fairy has Tooth Day! If you were to have a special day what would it be and why?

What is the name of your special day?

---

What would you celebrate?

---

What would you do?

---

---

---

What decorations would you have? Draw them in the box below alongside you celebrating your special day.

# THE TOOTH FAIRY NEEDS YOUR HELP!

Her bag split open on the way back to her castle and she lost some of her teeth! Can you help her and Pérez find them?

There should be \_\_\_\_\_ hidden around the store.
