WELCOME

Dear readers,

Welcome to the Hachette Children's Group 2022 new titles catalogue.

The last year, despite all the challenges, has been a highly successful one across all areas of our list. We are grateful for the outstanding support of authors, illustrators, agents and industry partners, chain retailers, wholesale customers and independent booksellers, journalists, bloggers and influencers, to say nothing of teachers, librarians and, most importantly, our readers.

The development of an increasingly diverse and inclusive programme for readers of all ages, tastes and stages is something I hope is in clear evidence in this catalogue, and you will enjoy browsing it. Please let us know what you think.

We have an excellent track record in creating bestselling and award-winning books for children and young people and are extremely proud of our evolving list. We will continue to innovate, developing our list still further, this year and beyond, to respond to changes in our markets and the aspirations of our audiences.

With our very best wishes for a successful 2022 and thank you again for all your support and for choosing our books.

A primary reading series developed with UCL Institute of Education to help children become confident, independent readers.

• **Modern and diverse stories**

With fun stories featuring a range of topics, cultures and settings, Reading Champion books will appeal to children of all backgrounds.

• **Carefully linked to book bands to offer the right level of challenge**

The books have been specifically written for independent reading and are designed to help children practise and embed their developing reading skills.

• **Ideal for schools and libraries, easy to use at home**

Reading Champion works alongside any guided reading scheme used in the classroom. Notes at the back of each book help parents and carers support reading at home.

• **Encourage reading for pleasure**

Entertaining stories at the right reading level make these the books that children will want to pick up and read themselves!
