# A First Look At: Disability: Don't Call Me Special

Thomas, Pat

## Key Selling Points

Written by a psychotherapist who specialises in parental therapy and child development, the text addresses the child directly and is designed to encourage interaction between parents/teachers and the child

Charmingly clear illustrations give readers immediate access to complex situations and feelings

Designed to meet parental needs as well as supply teachers with a useful tool for classroom discussions

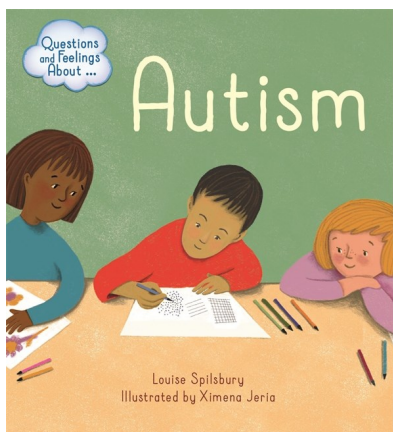

Part of an acclaimed and popular series

## Summary

This updated edition of this 20-year-old bestselling title, with consultants from Mencap, enables parents to help their children explore questions about concerns about disability in a simple and reassuring way. It challenges the stereotypes that are often formed during childhood.

Notes for parents and teachers at the back of the book provide valuable advice for how to share this book with your child or class.

# Questions and Feelings About: Autism

Spilsbury, Louise

## Key Selling Points

Simple, straightforward text deals with a tough topic in a simple, approachable way  
Exquisite artwork offers comfort and visual appeal to support the text and give context  
practical activities and tips are included to help children as well as names of some organisations for further assistance

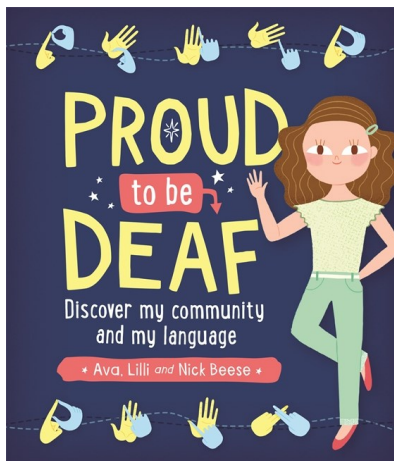

## Summary

This book explores the many aspects of Autism in a child-friendly way. It is part of a hands-on series of picture books designed to help children with their questions and feelings about tricky topics that can be hard to talk about. This book offers practical help, tips and advice as well as exploring everyday situations, supported by, exquisite and approachable illustrations to give a comforting story book feel, particularly suited to 5-7 year olds, but with scope to appeal to both younger and older children. A perfect aid to help children open up and explore how they feel and give steps they can take to help them cope.

## Contributor Bio

Louise Spilsbury is a prolific children's book author. She has written titles on almost every subject, from science and geography through to world affairs, social issues, art, history, and literacy. Louise is married to the author Richard Spilsbury and has two children. She lives and works in Devon.

## Proud to be Deaf

Beese, Lilli

### Key Selling Points

Fulfills the PSHE Association's KS1 guidance on learning about different communities and respecting equality.

Includes seven illustrated spreads teaching children the BSL alphabet, numbers and phrases.

To fill a gap in the market for books that celebrate deafness rather than discussing 'overcoming challenges' or 'stigma'.

One of very few British books that tackle deafness - most existing titles are US-focused and out-of-date.

### Summary

---

**A wonderful child-led book that celebrates Deaf culture and introduces readers to British Sign Language**

**Marvellously positive and encouraging throughout, this would be a useful addition to any primary school or public library, as well as being useful to help any child understand a little more about their deaf peers. - *The Carousel***

Ava is like any other 7-year-old. She likes to talk and laugh with her friends, is obsessed with

## The Amazing Edie Eckhart: The Amazing Edie Eckhart

Book 1

Jones, Rosie

### Key Selling Points

A contemporary, sparky new middle-grade series from a hilarious voice

Own voices: Rosie Jones has Cerebral palsy. Her character is based on her own experiences of navigating a school setting with the disability. Cerebral palsy is the most common disability in childhood (Cparf).

Rosie Jones has a wide-reaching profile and is well-respected on the TV comedy circuit

### Summary

---

**A sparky middle-grade series from TV comedian Rosie Jones. Perfect for fans of Jacqueline Wilson and DORK DIARIES.**

**'Fresh, funny and ultra cool' - Jacqueline Wilson**

*Hello! My name is Edie Eckhart and I'm eleven years old. I'm a little bit different. I have a disability called cerebral palsy, so I talk slowly and fall over a lot. It's never really bothered me because I've never known anything else.*

# Camouflage

The Hidden Lives of Autistic Women

Bargiela, Sarah

## Key Selling Points

Beautifully illustrated graphic novel, from the illustrator of the best-selling Really Strange series (Singing Dragon), which has sold 18,000+ copies

Provides a friendly, accessible and sensitive insight into the real-life stories of women on the spectrum, backed-up by clinical expertise and in-depth academic research

Great introductory text to reveal some of the latest research around autistic women, and to encourage further exploration on the topic

## Summary

---

Autism in women and girls is still not widely understood, and is often misrepresented or even overlooked. This graphic novel offers an engaging and accessible insight into the lives and minds of autistic women, using real-life case studies.

The charming illustrations lead readers on a visual journey of how women on the spectrum experience everyday life, from metaphors and masking in social situations, to friendships and relationships and the role of special interests.

Fun, sensitive and informative, this is a fantastic resource for anyone who wishes to understand how gender affects autism. and how to create safer supportive and more
