Women and Their Jewels

The lives of 15 iconic women through their jewellery

David Lelait-Helo

Key Selling Points

- **DISCOVER** the lives and loves of 15 famous women through the prism of their jewels.
- **PROVEN SUCCESS:** The 'Vogue' titles have collectively sold over 200,000 copies.
- **AN AUTHORITATIVE HISTORY:** Elizabeth Taylor, Grace Kelly, Jackie Kennedy, Diana, Princess of Wales, and Marie-Antoinette are just a small sample of the historic women, and their jewels covered in this book.

Summary

A sumptuously illustrated book exploring the lives and loves of 15 famous women through the prism of their jewelry - including Elizabeth Taylor, Elizabeth II, Jackie Kennedy and Wallis Simpson.

The word 'jewel' derives from the Old French word *joiel*, a word that finds its roots in the words for playing, joy, and enjoyment, proof that jewelry is intimately tied to notions of pleasure and happiness.

For some, it is the pleasure of love, for others, an obsessive passion. For Wallis Simpson, after the throne had passed her by, her jeweled treasures were her solace. As for Maria Callas, the soprano amassed diamonds and rubies to ward off the poverty of her childhood, and to spark the jealousy of a mother she hated. Barbara Hutton, America's most famous poor little rich girl, went around wearing a tiara, demanding to be called a princess. And they have been the cause of so much drama, Marie-Antoinette, whose diamond necklace identified her and sent her to the guillotine; Joséphine de Beauharnais, who was also embroiled in a necklace affair involving Marie-Antoinette's pearls; Yvette Labrousse, Miss France 1930, and wife of the Aga Khan, who was robbed of her royal jewelry in the middle of the street...

In this gloriously illustrated book, novelist and jewelry expert David Lelait-Helo stares into the jewelry boxes of these illustrious women to discover their hearts and their minds.

The women featured are:

Ava Gardner
Barbara Hutton
Brooke Astor
Elizabeth II
Elizabeth Taylor
Eugénie de Montijo
Grace Kelly
Helena Rubinstein
Jackie Kennedy
Diana, Princess of Wales
Maria Callas
Marie-Antoinette
Princess Soraya
Wallis Simpson, Duchess of Windsor
Yvette Labrousse

Contributor Bio

David Lelait-Helo is a novelist, essay writer, and biographer whose childhood dream was to become a jeweler. With little plastic pearls and pieces of aluminum foil, he

would create entire collections of finery. In 2011, he was given the wonderful opportunity to admire the jewelry box of Liz Taylor, and the history of jewelry became one of his greatest passions.

Carlos Alcaraz: Behind the smile

The story of the heir apparent to the men's tennis crown

Mark Hodgkinson

Key Selling Points

- **CELEBRATED FIGURE:** Carlos Alcaraz has six million followers on Instagram. He is the youngest-ever number one and has won more majors (US Open, French Open and Wimbledon (twice)) than Djokovic, Nadal and Federer did at this age.
- **AUTHOR CREDENTIALS:** Mark's previous book - *Searching for Novak* - was critically acclaimed and long-listed for the William Hill Sports Book of the Year.
- **TARGET MARKET:** Tennis fans are book buyers. *The Master - The Brilliant Career of Roger Federer* - has sold more than 30k copies in the US.

Summary

The first detailed and comprehensively researched biography of the heir apparent to the Djokovic-Nadal-Federer era.

A deeply researched biography of the new (smiley) face of tennis. A global star who has achieved more than Novak Djokovic, Rafael Nadal and Roger Federer did by this stage of their careers. At just 19 years old, Carlos Alcaraz won the US Open and became the youngest ever men's world number one. At only 21, he already had four Grand Slam titles.

For Alcaraz, everything - from his charm to his star power to his tennis mojo - starts with a smile. But there is a more complex character behind the smile. One who grew up in modest circumstances in a small village in Murcia in southern Spain. A man with strong family traditions who has a tattoo of his grandfather's favorite saying - 'cabeza, corazon y cojones' (brain, heart and balls) - inked on his left wrist.

Mark Hodgkinson talks to those who know Alcaraz best - including his coaches, old teachers and competitors - to provide a fascinating insight into a showman with ambitions of becoming the GOAT, the greatest of all time.

Contributor Bio

Mark Hodgkinson is known for his compelling biographies of Roger Federer, Andy Murray and Serena Williams. A former Daily Telegraph tennis correspondent, he has ghostwritten columns for Boris Becker, Martina Navratilova, Bjorn Borg and Pete Sampras, and also collaborated on a book with boxer Lawrence Okolie and on a golf project with singer Robbie Williams. Mark worked on two fitness books with Daniel Craig, Tom Hiddleston and their trainer Simon Waterson, one of which became an Amazon bestseller. Additionally, he authored a bestselling book for Naomi Osaka's former coach, Sascha Bajin, and has collaborated with psychologist Charlie Unwin and former Marine Nick Goldsmith. Mark consults for international sports brands in Europe, the United States and Japan.

The Swimmer of Auschwitz

The Incredible True Story of the Olympic Hero Who Swam For His Life

Renaud Leblond

Key Selling Points

- **CONSISTENTLY STRONG MARKET:** *The Twins of Auschwitz* (2020) has sold over 7.7k copies and *A Gypsy in Auschwitz* (published two years later in 2022) has now sold 8.5k copies. Other comps include *The Fighter of Auschwitz* (3.4k), and *The Midwife of Auschwitz* (26.8k).
- **PUBLISHED ORIGINALLY IN FRENCH IN 2022**, the book has sold over 20,000 copies across editions and was widely and well-reviewed by the French press.
- **TOLD SIMPLY AND POIGNANTLY** by Renaud Leblond who in the opening of the book flashes between Alfred's childhood, where is terrified of the water, to his life in the camp, where he risks everything to swim in the water reserves. The effect is very powerful - and a nice, subtly different approach to other non-fiction titles in this space.

Summary

The extraordinary story of Olympian who was imprisoned in Auschwitz and survived to tell his story.

Alfred Nakache, a Jewish child from Constantine, never imagined that he would one day swim for France at the Olympic Games in Berlin in 1936, nor than he would achieve a world record, as he did in 1941. As a child he was petrified of the water and yet, somehow, through sheer willpower and determination, he rose to become one of the very best swimmers in the world. That was until 1943, when he was banned from the pool - and in the same year, deported and sent to Auschwitz.

Not knowing if he would ever see his wife and daughter again, Alfred battled on, through the humiliation and the pain, even defying the guards by swimming in the water reserves of Auschwitz. Somehow - miraculously - he survived, swimming every day until the end of his life.

The Swimmer of Auschwitz is the unique, true story of a forgotten hero, told with remarkable power and simplicity.

Contributor Bio

He is one of only two Jewish athletes to have competed in the Olympics after surviving the Holocaust.

Editor and writer, Renaud Leblond is the author of several books of history and investigation, including "Main basse sur le génome" (Anne Carrière, 2008), "Le Pouvoir des sectes" (Le Chêne, 2009) and "le Journal de Jules Rimet" (First Éditions, 2014). Passionate about sports, he founded the Jules Rimet Sports Literature Prize in 2012.

Summary

This ultimate guide to coffee, containing comprehensive details on the beans and brews of more than 35 countries, now fully updated and revised.

This **expanded and fully updated 3rd edition** contains new chapters on decaffeination and steep and release brewers, as well as additional origins of note such as Australia, Japan and Puerto Rico.

Coffee has never been better, or more interesting, than it is today. Coffee producers have access to more varieties and techniques than ever before and we, as consumers, can share in that expertise to make sure the coffee we drink is the best we can find. Where coffee comes from, how it was harvested, the roasting process and the water used to make the brew are just a few of the factors that influence the taste of what we drink. **Champion barista and coffee expert James Hoffmann** examines these key factors, looking at varieties of coffee, the influence of *terroir*, how it is harvested and processed, the roasting methods used, through to the way in which the beans are brewed.

Country by country - from Bolivia to Zambia - James identifies key characteristics and the methods that determine the quality of that country's output. Along the way we learn about everything from the development of the espresso machine, to why strength guides on supermarket coffee are really not good news. This is the first book to chart the coffee production of over 35 countries, encompassing knowledge never previously published outside the coffee industry.

For everyone who wants to understand more about coffee and its wonderful nuances and possibilities, this is the book to have.

"Written by a World Barista Champion and co-founder of the great Square Mile roasters in London, this had a lot to live up to and it certainly does. Highly recommended for anyone into their coffee and interested in finding out more about how it's grown, processed and roasted." (*Amazon customer*)

"Whether you are an industry professional, a home enthusiast or anything in between, I truly believe this is a **MUST** read." (*Amazon customer*)

"Informative, well-written and well presented. Coffee table and reference book - a winner" (*Amazon customer*)

"Very impressive. It's amazing how much territory is covered without overwhelming the reader. The abundant photos and images are absolutely coffee-table-worthy, but this book is so much more. I think it would be enjoyable for an obsessed coffee geek or someone who just enjoys their java." (*Amazon customer*)

ROOT CHAKRA

Key Facts

Sanskrit: Muladhara – mula means "root" and adhara means "base"

Colour: Red

Element: Earth

Planet: Saturn

Zodiac sign: Capricorn
& Aquarius

Motto: "I am"

Overview

The root chakra, also known as muladhara, is the foundation on which our souls and spiritual energies are built. Located at the base of the spine, near the tailbone, the root chakra centres on our survival instinct and need for security. It is also associated with our personal strengths, willpower, self-esteem and passions. When it's balanced, we are grounded, energetic and independent. When unbalanced, we become fearful, unstable and insecure.

Mental and physical aspects

As the first chakra, muladhara is the centre of our physical and mental health. The root chakra rules the legs, feet and bones, but also deals with our sense of smell. When unbalanced, it can manifest itself physically in lower-back and foot pain, sciatica, constipation, varicose veins, haemorrhoids, osteoarthritis and immune-related disorders.

You may also unconsciously clench your muscles, like you are bracing for impact as it deals with our "fight-or-flight" response.

SACRAL CHAKRA

Key Facts

Sanskrit: Svadhithana – "where you are being established"

Colour: Orange

Element: Water

Planet: Jupiter

Zodiac sign: Sagittarius & Pisces

Motto: "I feel"

Overview

Located just below the navel, the sacral chakra, or svadhithana, rules over sexuality, creativity, connection and physical activity.

It allows us to experience the world through our senses and emotions, making them that much more intense and pleasurable. When this chakra is balanced, we can enjoy all the pleasures life has to offer. We vibrate with joy and can connect to others with authentic, healthy emotions. When unbalanced, we become guilt-ridden, creatively blocked and unable to express our emotions and desires.

Mental and physical aspects

Svadhithana is located in the lower abdomen and represents our reproductive organs, as well as the kidneys, bladder, pelvis and spleen.

For this chakra to stay healthy, it needs to stay hydrated as we are constantly doing activities that cause us to lose liquids, such as sweating and urinating. When balanced, we are always on the go, our sexual appetite is healthy and everything is moving in harmony. When unbalanced, we may see it physically in sexual dysfunction, chronic lower-back pain, arthritis, hip issues, and bladder problems.

The local bus system serves as the students' last opportunity to see architectural projects, drawings, and the houses they will live in. In 1988, unfortunately, this is considered to be the most important bus. The local bus comes and drops the 8th bus, between the church and the school. Buses and cars across the public lands are able to take children on a few minutes to arrive, after school.
