

BEASTWOVEN DISCUSSION QUESTIONS

So, you've finished *Beastwoven* and are desperate to unpack everything you've just read. Here are some questions to help you unravel the story . . .

1. There are five elements to weave with: Aer, Lux, Aqua, Terra and, of course, Tempus. Which strand do you think you'd use the most, if you could weave?
2. Every time a character weaves, they must pay a steep price. Which cost did you think was the worst?
3. What was your first reaction to the bespoke burl beasts? Did the villains genuinely believe they were creating something beautiful, or was it pure cruelty?
4. Do you think fleshweaving should be illegal? Is there ever a valid case for bespoke beasts (such as people choosing to become beasts to advance or protect themselves), or is the entire concept morally wrong? Why?
5. Is Quilt a fantasy world you would actually want to visit, or are you staying far away?
6. If you had to describe each main character using only one word, what would those words be?
7. Which character do you think possesses the strongest skill set?
8. Ali and Lia are forced to share so much, yet they couldn't be more different. Why do you think their personalities diverged so drastically? Do they share any similarities?
9. Do you think Ali and Lia did a good job of respecting each other's personal boundaries? Where did they cross boundaries? Do you think, given the circumstances, they were in the right to do so?
10. How difficult was it for the girls to build genuine connections with Egon, Rayner and Vale, while constantly hiding who and what they actually were?
11. The girls only join this dangerous mission because illegal magic offers a chance to finally separate them. By the end of the book, do you think the price of being physically separated was worth the risk?
12. As the plot digs deeper into the world's dark politics, who do you think are the real monsters of the story?
13. What was the biggest plot twist, betrayal, or reveal for you? How did you react?
14. What did you think about Chapter 42? How did this impact the way you viewed Ali and Lia?
15. If you could step in and change exactly one plot point or character decision, what would it be?
16. What do you think was the core message or underlying theme of the book, and how did it personally hit you?
17. Do you see the cover art differently now that you've read the story?
18. If you had to describe *Beastwoven* to someone in a single sentence, what would you say?
19. Okay, it's time to pick a side. Team Egon or Team Rayner? Defend your choice.
20. What answers or character moments are you most looking forward to in the next book?
